At Prices Defying
Competition.

WEEKLY CHAMPION.

SATURDAY, DEC. 22, 1883.

This Paper is Entered at Post Office
Peach Springs, as Second Class Matter.

Waitings From Las Vegas.

Tom Bell writes his firm that the Atlantic & Pacific country is dead, so far as commerce is concerned. The mushroom towns that sprang up in a night are now almost deserted, and with the departure of the people has gone the various channels of business. This state of affairs must be a serious panacea for the ills of Albuquerque.—Las Vegas Gazette.

Yes, Tom Bell visited Peach Springs, Ash Fork and Kingman, so he told us, but he couldn't compete with Albuquerque prices, and he left disgusted. The Journal very aptly remarks: We don't know anything about Tom Bell, but we have heard of Tom Collins, and we are satisfied, from the character of the statements made in the above paragraph, that he was the man who wrote the letter the Gazette copies from. It is possible, and not at all improbable, that Tom (Bell or Collins, as the case may be) found it very difficult to secure any business for his firm along the line of the Atlantic & Pacific, for the merchants out that way have generally quit sending their orders to Vegas. Albuquerque being one hundred and fifty miles nearer to them, and being a larger city, with larger and better stocks of goods to select from, they send their orders here. There is undoubtedly "poor picking" for a representative of a Las Vegas house in the district referred to, but "the mushroom towns that sprung up in a night" along the line of the Atlantic & Pacific road have now all become solid and permanent towns, and are increasing steadily in numbers and importance. A considerable portion of the trade of Albuquerque comes from the towns along the Atlantic & Pacific, and inquiry among our merchants develops the fact that the business of the section in question is growing constantly, being fully twice as large now as it was a year and a half ago. And the freight business of the railroad tells the same story. Albuquerque has no particular ills for which she needs a panacea—in fact, she finds herself in the enjoyment of robust health—but the state of affairs along the Atlantic & Pacific road is nevertheless quite "soothing."

Bisbee Murderer Caught.

The Tombstone Epitaph of Dec. 16 says: Sheriff Ward returned last evening from Deming with "York" Kelly, who it is claimed is one of the Bisbee murderers. Upon his arrival, an Epitaph reporter had a good look at him, but fails to recollect having seen him in this neighborhood before. He is about 5 feet 10 inches in height, dark complexion and eyes, and apparently about 25 years of age. When brought in, he had on a dark suit of clothes and a black hat. It is said that the authorities have convincing proof of his complicity in the Bisbee affair. If so, they very judiciously keep it to themselves.

A Clifton dispatch says that a party under Nicholas Olguin trailed "Red" Sample and "Tex" into Clifton, thus corroborating the story told by one of the women in Maud Elby's house. The party are now in pursuit upon the trail. Nineteen more left Clifton Friday evening. It was rumored Friday evening that Clifton would be jumped before morning. Many of the citizens quietly armed themselves and awaited the attack, but the report proved to be a false alarm.

Heath, Kelly, Sample and Willis, the train robbers and Bisbee murderers, have been caught, and there only remain W. E. Delaney and Dan Dowd (alias "Big Dan") at large. John Heath was arrested in Bisbee, and Kelly in Deming, and both are now in jail at Tombstone. The posse from Clifton, under the leadership of Nicholas Olguin, caught "Tex" and "Red" near Clifton, the former coming up on the road, and the latter in the robbers' camp, while cleaning his pistols and rifles, and being taken unawares, had no loaded arms. The two were brought to Clifton, and Sheriff Ward, of Cochise, was telegraphed for. "Red" made a statement to W. W. Bush, of Clifton, after the Bisbee slaughter, confessing the deed, and said Johnny Heath put up the Bisbee job, starting a dance house in Bisbee as a guy. Delaney and "Big Dan" are still at large, but it is thought they will either be gathered to their Father or be in jail in a few days, when the Deming train robbery and the Bisbee butchery will be avenged, provided the law has its full sway, and if not, probably the people will.

Charles O. Brown, and other taxpayers of Pima county, have instituted suit against the supervisors of that county to restrain the board from ordering the treasurer of the county to deliver \$200,000 in county bonds to the Arizona Narrow Gauge Railroad Company, and to restrain the treasurer from making such delivery. This suit is brought on the grounds that the act of the Legislature is void and not binding on the board, for the reason, as alleged, that there is not and never has been any such railroad company. The grand jury of Pima county have, in an emphasized report, protested against the issuing of the bonds referred to.

Wash-Outs—Trains Delayed.

The heavy rain storm of the past three days, and particularly the storm of last night, caused heavy wash-outs on the Fifth Division of the A. & P. road, and trains may be delayed for several days in consequence. Just this side of Hackberry siding there is a heavy wash-out, and on the other side of Hackberry, at the bridge, one bent is washed out; while between Yucca and Franconia, where the tracks lie in the wash, serious damage has been done. The western bound passenger train, due here this morning, is lying at this station, while emigrant train No. 20, due here at noon, is below Franconia, and it may be compelled to remain there for a considerable length of time. All the available section men—and at present they are very sparse in number—are at work to-day, but unless the force is materially increased, it will take at least two days to repair damages so trains can pass. The construction train left Peach Springs this morning, and work has been commenced on the Hackberry wash-out. As we go to press, reports from section bosses are going over the wires, which would indicate that the damage is quite serious.

Mr. Frank Ruby, our station agent, turned over his position yesterday to Mr. Borie, a brother of the chief train dispatcher, of Williams, after settling up all the accounts with the road and Wells-Fargo. It is with feelings of regret we part with Mr. Ruby, who, during his short stay at Peach Springs, has won a host of friends among our business men, who will remember him with that degree of esteem which does not always fall to the lot of man. He has been promoted to a much more important station on the road—that of Ash Fork—where his large experience as a railroad agent will be duly appreciated by the railroad company and the people. We commend him socially to the people of Ash Fork, as a valuable addition to the society in which he is to move. Mr. Borie, his successor, comes among us highly recommended and possessing every qualification that makes it pleasant for one to do business with the railroad company. Mr. Borie is also the Wells-Fargo agent.

Hon. G. H. Oury has introduced a bill in Congress, giving the Territories the right to elect their own Territorial officers, from Governor down.

HACKBERRY.

General Items of Interest About Town.

HACKBERRY, Dec. 19, 1883.
DEAR CHAMPION:—Our town should receive a little recognition now and then from the representative paper of our county and its interests; for we all know here that the Mineral Park Hybrid Bazaar will have neither eyes, ears or justice for anything or anybody outside of that little burg.

Hackberry is now on the move. The Indian Queen Mill and Mining Company is quietly but persistently preparing for a steady run on the rich bonanza now showing in the Hackberry mine. John Howell is here, and is using his experience and energy in pushing our mining interest all over our section. The Gold Basin country is soon to contribute to our interests here in the way of shipping ores, and also in the purchase of supplies. In fact, for some time past, supplies for the several valuable ledges now being opened have been purchased of M. Abernethy & Co. Mr. Crocker has done more than any other individual to bring this about, and with his business sense, will still hold the fort.

Mr. J. T. Davis, although not a tragic butcher, is sending the rich and juicy beef from the herds of Spencer, Starkey and Imus all over the A. & P. line from Ash Fork to The Needles, and is doing a lucrative business. Davis also carries the U.S. mail from Hackberry to Hackberry station to meet each train, and with Bedy as driver, makes sure connection for passengers and express.

Jim Roseborough has bought out the Roenne saloon, and is doing a flourishing business.

Roenne & Dundon contemplate going into business at the siding.

Ridenour & Spencer feel rich over their copper discovery, and we hear a Mr. Downer, from the Black Hills, is soon to purchase an interest.

Judge Russell is doing a fine business, and the boys whoop him up daily, but for a stayer the Judge is boss. Pete, his second, stands in, and can set up as fine juice of the goddess Ceres as the sunshine ever ripened.

Dr. Day's time is divided between his professional duties and his cub of a boy.

Bud Grounds is putting up a house at the siding.

Mrs. Nobman keeps the bonanza hotel of the county—that is, on the line of the railroad.

Mrs. Davis's is the place in our burg for good grub and incomparable cooking. She keeps the (so called) company boarding house, and also has nice lodging conveniences.

Our prospectors are browsing around now, re-locating and giving their claims a kick and a lick. This won't do for long.

The Hualapais are herding about Dr. Day's office, and complaining of being hungry. It is hoped that the commissioners of Indian affairs will have supplies of food for them.

Yours truly, SILEX.

Hon. P. J. Bolan Married.

Just as we go to press we are in receipt of the following telegram, dated Deming, December 17th: "Hon. P. J. Bolan, of Solomonville, was married in Silver City to day to Mrs. Welsh, late of Clifton. B. M. Crawford and myself were present." The dispatch was from M. J. Egan, Esq. The Clarion extends congratulations, and will endeavor next week to furnish its readers with details.—Clifton Clarion.

The San Francisco Post of Friday says: J. N. Low, Hank Smith and W. H. Patton, who went to Arizona to expert on the Quibotoa group of mines for a syndicate of capitalists, have reported favorably, and a sale has been consummated for \$450,000. Among the parties interested in this purchase are John W. Mackay, James C. Flood and W. S. Lyle. The experts reported that nothing ever discovered on the Pacific coast is equal to it, outside of the Comstock. The purchasers will commence operations at once on an extensive scale, putting up the most approved machinery for developing and working ore. These mines are situated in Pima county.

Royal A. Johnson, of course an eastern man, has been appointed Surveyor General of Arizona by President Arthur.

Dr. Spinney.

No. 11 Kearney Street,
TREATS ALL SPECIAL AND CHRONIC
DISEASES.

Young Men

Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. Dr. Spinney will guarantee to forfeit \$500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the ages of thirty to sixty years who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a rosy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin milky hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the oculo-urinary organs.

Office hours—10 to 4 and 6 to 8. Sundays from 10 to 11, a. m. Consultation free. Thorough examination and advice, \$5.

PATENT MEDICINES!

Our goods are new and fresh, and were
bought by our agent in San Francisco,
and from henceforth we have
adopted the following
motto:

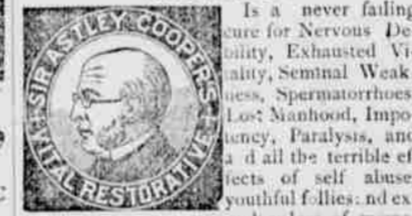

WE WILL NOT BE UNDERSOLD.

As an invigorant, Hostetter's Stomach Bitters has received the most positive endorsement from eminent physicians, and has long occupied a foremost rank among standard proprietary remedies. Its properties as an alternative of disordered conditions of the stomach, liver and bowels, and a preventive of malarial diseases, are no less renowned, and have been accorded emphatic professional recommendation.

For sale by Druggists and dealers, to whom apply for Hostetter's Almanac for 1884.

The Great English REMEDY.

Is a never failing
cure for Nervous De-
bility, Exhausted Vi-
tality, Seminal Weak-
ness, Spermatorrhoea,
Loss of Manhood, Im-
potency, Paralysis, and
all the terrible ef-
fects of self abuse,
youthful follies, and ex-
cesses in mature years, such as loss of memo-
ry, Lassitude, Nocturnal Emissions, evasion
to society, dimness of vision, noises in the
head, the vital fluid passing unobserved in the
urine, and many other diseases that lead to
insanity and death.

Dr. Mintie, who is a regular graduated physi-
cian will agree to forfeit Five Hundred Dol-
lars for a case of this kind the Vital Restora-
tive (under his special advice and treatment)
will not cure, or for anything impure or inju-
rious found in it. Dr. Mintie treats all pri-
vate diseases successfully without mercury
consultation free. A thorough examination
and advice, including an analysis of the urine,
\$5. Price of Vital Restorative, \$3 a bottle,
or four times the quantity, \$10; sent to any
address upon receipt of price, or C. O. D.,
secure from observation, and in private name
if desired, by A. E. MINTIE, M. D., No. 11
Kearney Street, San Francisco, California.
